FUTURE STEPS

Ashwamedh Foundation is barely 2 months old nascent Organization formed by enthusiastic youngsters of cyber-age generation. We have only one asset - Ignited Minds with strong commitment towards the causes we believe in. Team Ashwamedh has done really good work as a Group so far and we are all set to work as an Organization.

Right now there are many difficulties in front of us and we all are ready to face them. Team building and Manpower training will be our main area of focus. Money and Man Power are the major issues which we have to tackle in recent future. But as they say, you must trust in society if you want to bring change in it; we believe good people will support our good causes and we will continue to do our good work.

In the upcoming year 2013-2014 we will start our work with tie-up with some institutes, schools, NGOs etc. so as to gain some experience of NGO sector properly. At this stage we have some ideas which we have to convert into Programs and implement them on grass-root level in future.

We hope Ashwamedh Foundation will keep getting support from all you wonderful people

Thank you,

Deepak Doddamani
