Our Projects:**1) Project Ankur**

Project Ankur as the name suggests believe in ‘catch them young’ concept. We believe that the foundation of Students should be build well before they enter Std. 8th. Due to the policy of Govt. to promote each and every student to 8th Std. to reduce the number of School Dropouts has its disadvantages too. We come across students who can’t even Read and Write even after reaching 8th Std. This is really disturbing fact. To change this we focus on Students upto 7th Std and make their foundation strong. We focus on Reading and Writing of English, Mathematics, and other subjects. We tie up with Schools, NGOs and local bodies to carry out such projects.

2) Project Aakaar

Project Aakaar is basically ‘Personality Development Course’ by Ashwamedh Foundation. We focus on Std. 8 to 10th for this Certificate Course. More emphasis is given to Value Education, Communication Skills etc. Other than these we cover Time Management, Stress Management, Yoga and other aspects of Personality Development.

Future Projects:**1) Skills Development and Vocational Training Programs**

Nowadays Degrees don’t guarantee you Job. Unemployment and Underemployment are bigger challenges in front of India. Jobless Growth will never give make Society happy. Therefore Government has started focusing on ‘Skills Development’ Program. Ashwamedh Foundation is willing to start its own Skill Development and Vocational training center.
